What the Boys are Doing Here and There

Pvt. Murray Tennis, son of Mrs. Millie Tennis of Hayward and recently of Truckee, has been visiting relatives and friends here. Murray recently returned to the United States from North Africa where he was wounded and where he was awarded the Order of the Purple Heart. The young man was a dispatch rider in the heat of the worst battles and it was during an active engagement that he was shot twice by machine gun bullets, one penetrating his left side and the other one hand. He highly praised the work of the medical corps to whom he owes his life.

V. August Sassarini writes from "a beautiful isle of somewhere in the Pacific and tells of a recent advancement in rank and is now a corporal.

We learn that Doc Rockholm is now an ambulance driver in the bay area. He was recently at Monterey's reception center.

Mrs. J. Zorich accompanied Mr. and Mrs. N. W. Rockholm to San Francisco Saturday and then went on to Fort Ord where she enjoyed a four-hour visit with her son, Private Bud Zorich now in amphibian training there with his infantry unit.

Lt. and Mrs. Kramer Adams visited Truckee friends last week en route from his station in Nebraska to their home in Sacramento. Lt. Adams was employed here two years ago at the Standard Station and is now awaiting reassignment.

Word was received by Mrs. A. E. Burlingham that her nephew, Pfc. Edward L. Jewel, 24 of Oakland was killed in action in the North Pacific area on May 28. He was the only son of Mr. and Mrs. Edward W. Reeves who are former Truckee residents and had visited here with his aunt many times.

Looking snappy in his smart white uniform, Sailor Bob Gray on furlough from Farragut, Idaho, has been enjoying a visit with his mother Mrs. Guy Peebles and friends.

Harry Digesti reported to Monterey today and hopes to enter the medical corps as he has ambitions to become a doctor. Harry stepped on a rusty nail during his two weeks' furlough and has gotten around on crutches and a cane for several days but was able to leave under his own power.

Accompanying Harry will be Nick Sassarini, who has enjoyed his two weeks leave at home and yesterday spent the day being lazy in preparation for the work ahead.

REQUIREMENTS FOR WAAC IS LOWERED

Mrs. R. C. Gregory, WAAC Volunteer recruiter, has received an announcement by Lt. Fay S. Chambers, of the WAAC recruiting office at Chico that physical requirements have been changed for applicants wishing to join the organization.

The WAAC is now able to grant waivers to specially qualified women previously rejected because of minor physical handicaps, including vision and height and all such persons may now apply. Those meeting the requirements will be enrolled immediately. Waivers will also be granted in cases of applicants who have special qualifications justifying such action. All women between the ages of 21 and 44 who believe they can qualify for the corps may contact Mrs. Gregory at the office of the Chamber of Commerce.

GORDONS REPORT FAMILY IS BUSY

Mr. and Mrs. S. E. Gordon of Oakland and formerly of Truckee visited here today. Their daughter, Miss Margaret who is a WAAC, is in Georgia, Miss Alice is in government work at Oakland and Miss Theresa will complete her training for religious teacher in August. Son Robert is in defense work awaiting military call. He and his wife play violins in the Oakland Symphony Orchestra.

Mrs. Daryl Gaiennie received a letter from her husband, Sea-Bee Daryl Gaiennie, saying that he was seriously injured at some South Pacific point, but details are lacking and relatives and his friends are anxiously awaiting further word.

A. E. (Red) Burlingham, now a full-fledged SeaBee, has a Pacific Post Office address that takes in a lot of land and sea.

MY PLACE IN THE SUN

By CORP. DOUG BARRETT

(Excerpts from letters from some where in the Alaska Theater).

This war seems to be drawing to its natural conclusion even if it is a little slow. The Italians are acting like a crooked boxer. You know the type that will take the fall as soon as his opponent makes a pass at him. I don't believe that the Italian people ever intended to do battle against the Americans. After all, we have been their friends when they needed friendship. As a nation they are to be more pitied than blamed. I Duce has sold them the Brooklyn Bridge and I think they are beginning to realize it. Too bad it came too late to do them any good.

My experience in the army seems to be doing me some good even in my chosen profession. Besides various specialized studies, I am able to peruse newspapers from all over the United States and Canada. Regularly—more or less—available to us are the Christian Science Monitor, The Chicago Sun, The New York Herald-Tribune and the Edmonton Journal and Edmonton Bulletin. A lot of the boys here are from small towns and a lot of them get the home town paper. From Virginia, Florida, Texas, Michigan and Oregon I have been able to study the styles and errors of community journalism. The Boston Globe and the Dallas Morning News are also received by individuals here so my reading habits are just about as always with my exchange list a little more diversified than usual.

I see by the Sun where Madeline Gallani is back on the job, the H and W Club is scoring again. This makes me very happy. It is like meeting old friends and I look forward to talking to them thru the columns of the Sun. The relative newcomer to my notice is Frances Couillard's Summit Scene. To my notion it is a darned valuable addition to the paper. She seems to have a lot on the ball when it comes to covering her community and writes a nice clean style.

Speaking of community reporting I have had returned three papers from the University of Minnesota in my course and they all carry an A or A- grades. I guess that indicates I have journalistic possibilities.

"Mystery" Man In Local Wreck Sought By Patrol

Injured Motorist Reports Second Man Was Driving

Officers of the state highway patrol are still wondering who the driver of the car that crashed into a big tree near Hirschdale and severely injured the only occupant found there in could have been.

According to the report by Patrolman H. B. Fowler, who made the investigation, the car skidded about 40 feet after leaving the highway before crashing into the tree. Fowler said he looked into the car and on the back seat found Charles Williams 45, of Portland, registered owner who told Fowler he was not driving but that in Bishop he had picked up a man known to him only as Charlie, who drove the car. Williams did not have a license to drive, he said, as the result of a conviction in Bridgeport on a drunk driving charge.

Williams protested against medical treatment and yesterday took a bus on west, but observation showed he was suffering from a crushed chest.

Fowler said there was no evidence that Williams was the driver and that he could not be held on the sobriety ordinance because of lack of evidence.

While there is naturally some doubt regarding the identity of the mysterious driver "Charlie" the officers are unable to determine whether or not he actually existed, although Williams protested there actually was a second occupant of the wrecked machine.

LIGHTNING STRIKES HOBART BUILDING

..Sun.. Beams

by WALTER M. BARRETT

Willful and malicious destruction of property in this immediate region is causing no little concern to property owners and officers and the reward offered this week by one of the sufferers indicates the desire to have the culprits brought to justice. The wanton destroying of windows and other portions of unoccupied buildings is right down the Axis alley, a practice which would meet the whole-hearted approval of the Hitler gang and it is hard for us to believe that we have in our midst people of that nature. Continued action on the part of the vandals can lead to only one end—public anger and a final severe punishment. Such practice is not becoming the lowest type of Americans.

Thus far we haven't been reliably informed just who is responsible for the pad-locked gates and heavy steel fence which is preventing access to the restful shores of Donner Lake. Frankly, however, the citizenry of Truckee and elsewhere is not well pleased with the action and the local chamber of commerce is attempting to solve the puzzle. The enjoyable picnic spots where motorist as well as local folks sought relaxation along the lake's shore are being closed. We don't know why or by whom, but will make it a point to find out.

It seems that every once in a while the boys back in Washington really hit on an idea but what gets our goat is the fact that so many of the ideas are so out of keeping with the majority. Take this new Senate Bill by McCarran of Nevada "To provide for the conservation of wildlife on public lands and reservations of the United States." The title sounds good but there is a "bug" which could do irreparable damage to the wildlife of the country. The bill gives power to the head of a department or agency of the government having supervision over public lands to order a reduction in the wildlife population, issue license for such reduction if the reduction seems necessary to prevent injury to soil, plant life or wild or domestic animals dependent upon such lands for sustenance. There is a bill that is a bill, States, apparently, would no longer have control of game except when so ordered by government agents. It is a bill damaging to sportsmen and recreational areas and one that should not be permitted to pass.

TRANSPORT RATION ISSUED UNDER NEW RULINGS BY ODT

Gasoline ration coupon books which Northern California transport operators will use during the period from July 1 to September 30 are now in the mails, according to Gilbert McNeil, district mileage rationing representative of the OPA.

The gallantries allowed each holder of a certificate of war necessity, he said, is in strict conformity with allowances made by the Office of Defense Transportation and complaints or appeals must be directed to the offices of the ODT in the Forum Building in Sacramento.

All forms of transport rations issued for the second quarter of this year expired at midnight last night. Service station operators may not accept "TT" coupons after that time and must use what they have within five days, or they cannot be redeemed. New coupons bear the "TT" of the third quarter, issue.

TAHOE BRIEFS

Donald Johnson, son of Mr. and Mrs. A. B. Johnson of Tahoe City who is in government work in the east, paid his parents a surprise visit last week. John, another son, has recently sent his parents V-mail letters from distant points on the globe where he is doing naval flying.

C. L. Davidson of Colfax, this week received an appointment from Gov. Earl Warren to membership on the Placer County Selective Service board and replaces Henry Droste of Tahoe who resigned some time ago.

Mr. and Mrs. R. C. Moore and their daughter, Marian and son, Calvert, of Piedmont, members of the famed shipbuilding family, are vacationing at their Tahoe home on the lake near Valentines.

Game Bill Would Give Control To Federal Agents

Encroachment Charged In New Proposal For Game Control

Protests are being made against passage of Senate Bill No. 1152, introduced by Senator McCarran of Nevada which has been read twice and referred to the Committee on Public Lands and Surveys.

The bill is designed to provide for federal agency control of wildlife in all states and does not meet with approval from sportsmen's groups or state fish and game officials.

The bill has been denounced as an "unprecedented encroachment upon state rights" and "entirely unsound, unjust and uncalled for."

It will particularly effect resort areas and is being vigorously opposed by the Western Association of State Game and Fish Commissioners who closed their convention in Reno Saturday.

Excerpts from the bill are:

"That whenever the head of a department or agency of the government having supervision and control over any public lands or reservations of the United States shall determine that a reduction in the wildlife population of such lands or reservations is necessary to prevent injury to the soil, plant life or to any wild or domestic animals dependent upon such lands or reservations for sustenance, he is authorized to request the appropriate officers of the State in which such lands are situated to take such action as he deems necessary and proper to bring about such reduction."

"In any case in which such officers of the State are unwilling or unable because of provisions of State laws and regulations, to comply with such request, the head of the department or agency is authorized to provide in accordance with such regulations as he may prescribe,

"(1) for issuance of licenses authorizing the holders thereof, during specified periods to hunt, trap, kill, and possess stated numbers of such animals, of either sex, upon such lands or reservations"

"Licenses may be issued pursuant to this section to citizens of the United States without regard to residence upon payment of a reasonable fee."

"There are hereby authorized to be appropriated annually such sums as may be necessary to carry out the provisions of this act."

TRUCKEE WOMAN INJURED BY FALL

Mrs. A. B. Polyanich suffered severe, though not serious injuries on Wednesday morning when she fell down a flight of stairs through a trap door at Tony's Coffee Shop. She has a deep cut on her right arm, lesser cuts on the head and severe bruises. The trap door had been left open and the light in the closet was off. When Mrs. Polyanich went into the closet for a garment, she fell down the stairway and her arm struck a broken piece of glass.

Lee Jarrell, 51, Vallejo, was given a ticket for passing on the crest of a hill.

Mrs. C. Edmunds is program chairman and Mesdames Robert Bick and Gilbert Mulcahy are tea hostesses.

Invitations have been sent women of Lake Tahoe who are interested and local members have been asked to bring guests.

From Los Angeles came the press dispatch which announced that Paul B. O'orr, southern California OPA rationing chief, told local rationing boards that a gasoline scarcity on the western coast is threatened and that they should "tighten up" on the issuance of coupons.

"Supplemental gasoline should be based on necessity, within the regulations and not a coupon over," he declared.

TAHOE LETTER

To the Service Men From SWANEE

Tahoe City, Calif June 27, 1942.

Dear Tahoeites:

This Sunday gives promise of warm days to come. Added traffic visits our fair shores daily, and cold winds which have been with us for days seem to have vanished. According to weather records taken at Tahoe City during the past week, today's temperature was the highest for some time past, standing at 74. Other mornings have hovered below and above freezing, ranging from 28 to 59, and in all sections of the lake region, freezing of new plants is a common complaint. It is expected that many of the lake's prettiest wild flowers too will suffer from the unusually cold spring. A decided change for the better seems to presage warmer weather just ahead.

Checking for latest news of the state forest department with Harvey Seickert, patrolman from McKinney Creek to Dollar Hill, we learn that the Tahoe Park crew this season has for one of its members Johnnie Dunphy of Massachusetts. Johnnie who is one of the present war's reluctant heroes, has seen active service in the Solomons area as a tank driver, was wounded and spent several months in a hospital and is now recuperating in the lake area, where duties are light.

More and more frequently these days squads of uniformed men and equipment are seen in this section where they frequently stop for a day or so at the public campground, enroute to maneuvers.

Ralph Preece is foreman of the local fire crew which this year consists of five regulars, with additional men sent in from time to time during the season. Work is continuing on new mountain trails and reconditioning of old ones, which will facilitate the fighting of any fires which might occur.

One of Tahoe's sons, Pete Vanni, employed at a local service station for the summer, will heed the call of his country on July 12 this year when he will become 18 and must register. His brother, Carlo, 32, a welder in San Francisco may enter active service around the middle of July unless again deferred because of his occupation. Mrs. Vanni is now vacationing at her Tahoe home in the Bittencourt Tract.

We learned this week of the death of a Tahoe boy, possible the first of the war. He was Lt. Voorhies Clark, 25, son of Mr. and Mrs. Bailies Clark of San Francisco and Sutter Creek and grandson of Senator Edward Voorhies, pioneer of the Homewood district. Young Clark died when his plane fell into the Atlantic over two years ago while on patrol duty just prior to Pearl Harbor. Other members of the crew were rescued but his body was never found.

Ladies of the Tahoe Women's club last week started a round-robin letter addressed to two of Tahoe's young people now in the government service. They are WAAC Florence Vernon, now stationed at Bradley Field, Conn., and Billie Becholdt at Camp Hale, Colo. Writers in the letters did not sign their names and the recipients of them must try to guess their identities. It is planned to write other Tahoe boys in the future.

Another letter from our old friend Steve Knezovich, Phm2-c from somewhere in the South Pacific. He writes that he is now on shore patrol and likes it much better than at his previous station. Like all others in out of the way places, he asks for letters and pictures.

Here for the weekend as visitors at the Stanley Martin home near town were Miss Cathrine Murphy in charge of the Tallac telephone office and Mrs. Don Snyder former Tahoe operator. With them was Bob Snyder from Camp Roberts. Both Bob and his brother, Don are sons of Mr. and Mrs. A. Snyder, former owners of the lumber yard at Lake

Forest. Don, now a lieutenant, Jr. grade, is on active duty somewhere in the Pacific and his wife, the former Martha De Ganna, is living in Lodi. Other guests of the Martins at the same time were Mrs. Ola Tonini and son, Bobbie of Truckee, the entire party enjoying a picnic on Sunday under the pines in the Martin yard.

Tomorrow night the Tahoe Women's Club will sponsor a card party which, it is hoped, will be well attended.

And so as I close this week's news letter I say "Gung-Ho" U. S. marine raiders' war cry meaning "Come on let's cooperate in winning this war!" We at home will strive to do our modest bit, while you boys give your all. Not an equal arrangement, per-

haps, but we pray that those who are tempted to go on strike at this crucial moment of our existence will give some thought to its inequality and be deterred. Through it all we see the hand of enemy sabotage—let's hope the workers themselves will see it for what it is before long and strike back with renewed energy and loyalty.

With the wish that good health and good spirits still attend you, and the hope that peace and victory may soon be within our grasp, with the best of good luck from the folks back home, I remain, as ever, SWANEE.

The Summit Scene

By Frances Couillard

The Donner Summit Red Cross group has really organized. Mesdames Flickinger, Bowen, Hart, Pulcifer, Whitten, Lord and Couillard have started their various articles with enthusiasm under the very able instruction of Eleanor Johansen who has already turned in more work to the Red Cross than an individual's share.

Mr. Patrick Murphy, Irish consul, stayed on the mountain for a few days, a guest of Dr. and Mrs. Reynolds.

Hannes Schroll of the Sugar Bowl returned to this area after a vacation of a few weeks in the bay area.

Dr. Naffsizer's family are staying at their summer home in the Cedars. Kingvale Park cabin owners are claiming their summer heritage, for the colony is fast filling up.

Haven Jorgensen (Jorgy) is taking over the Sierra Club again with his wife, the former Betty Hammerly. Jorgy broke his foot recently and while he is hobbling around a bit, his many friends will be glad to know that he is really doing fine.

Otto Frederick dashes home on his 3-day leave to spend as much of it as he possibly can with his wife, Lena. Everyone is always glad to see Otto, now stationed in Oregon.

Many fishermen are "working" the Mountain these days and the catches seem to be pretty good. Fred Small with his saddle horses and pack animals seems to have found a veritable fisherman's paradise back in the hills someplace. Don't ask us, ask Fred.

Dennis Jones in uniform called at the Donner Summit Lodge for his mail last week and announced that he and his wife, Muriel, will spend a little time on the Mountain.

The whole Mountain is seething with activity and anyone that hasn't a cabin or a place to stay when they come to this territory had better make reservations. For the Morrison Knudsen gangs and officials, the S. P. painters, the army boys at Soda Springs and the telephone maintenance men all have families which they are trying to house. Last week many were turned away who were seeking accommodations and relief from the valley heat.

Mr. and Mrs. William Lavin are visiting the Martin Johnsons from Oakland. S. W. Martin and Uncle Bill a goin' fishin' on Monday a. m.

Jean and Marie, the Johnson's two daughters, spent the week at Fort Ord visiting their brother, Byron who was recently transferred there from Camp Hale. After the visit was over Jean and Marie returned to San Francisco where they took in the Ice Follies.

Dr. and Mrs. C. A. Ferguson are visiting at the Sierra Club as many folks on the Mountain will be glad to hear.

NORTH TAHOE NEWS

The Kings Beach grammar school will close for a four-day vacation June 30, starting again July 5. The children will go on a 6-day school basis but will have a short schedule during the summer months. This will give them an opportunity to enjoy swimming and sunning as usual.

Mr. and Mrs. H. O. Comstock have returned from Arizona where they spent the winter.

Edna Wheat of Tahoe City was a visitor at the home of Annie Gallerani at Crystal Bay.

Mrs. Stephen Gary and Virginia Sanfilippo of San Jose are house guests at the John Gallerani home in Kings Beach. Mrs. Gary is a sister of Mrs. Gallerani and Miss Sanfilippo is her niece.

KINGS BEACH, July 1.—The annual tea and open house at the Kings Beach school was presented recently with the following program.

Opening flag pledge and America's creed, led by Buster Mandeville; School songs; Piano solo by Jimmy Astle; Lincoln's Gettysburg Address by Barbara O'Brien; Humorous story by Dickie and Buster Mandeville; song, My Gal Sal, by Irene Gallerani; Poem, The Airplane, by Borue O'Brien; Community singing; Talk on transportation, Richard Astle; Talk on Aviation, Jimmie Astle; Till We Meet Again, Barbara O'Brien; Little Sir Echo, Irene Gallerani, Dickie and Buster Mandeville; Songs by the audience.
